It was Baden Powell's vision and the vision of the adult leadership that this organization is scout run. This means that if the youth elected to their position do not show up, then it is difficult to run the organization. Each scout is required to hold positions of leadership and fulfill their duties. This document is to inform you of the up and coming election as well as what may be expected of your scout. Should you not want your scout to serve at this time, please inform the adult leadership before next Tuesday. Otherwise, your approval is required. Please sign at the bottom. Thank you for your understanding.
